Summer (A2)

My favorite season of the year is summer. I love the warm weather, the sunny days, and spending time outdoors with my friends and family. Every summer, my family and I travel to the beach on the Atlantic coast. We always have a lot of fun together.

Before arriving at the beach, we apply a lot of sunscreen to protect our skin from the sun's strong rays. We also wear sunglasses to shield our eyes. I bought a new bathing suit this year. It is blue with polka dots, and I am very excited to wear it for the first time.

At the beach, we usually bring many things along with us. We have chairs and blankets for lounging on the sand, an umbrella for shade, and a cooler full of snacks and drinks. When we open the cooler, we have to be careful about the hungry seagulls. These birds can swoop down from the sky at any moment and steal our food.

I like spending a lot of time swimming in the ocean along with my siblings. We make sure that we swim in a spot monitored by a lifeguard in the case of an emergency. In the water, I like to bodysurf, especially when the waves are big. My younger siblings are afraid of deeper water. They stay in the shallow parts, where the water only comes up to my knees.

Sometimes during our vacation, my father rents a small boat, and he takes us out on a fishing trip with our fishing rods. This year, we were very lucky. We caught a bounteous supply of fish that mom fried up later that night to serve as an amazing dinner. It was so delicious! A vacation at the beach is the perfect way for my family to relax and enjoy each other's company.
